Apples to Apples Description: The party game *Apples to Apples* consists of two decks of cards: *Things* and *Descriptions*. Each round, the active player draws a *Description* card (which features an adjective like "Hairy" or "Smarmy") from the deck, then the other players each secretly choose the *Thing* card in hand that best matches that description and plays it face-down on the table. The active player then reveals these cards and chooses the *Thing* card that, in his opinion, best matches the *Description* card, which he awards to whoever played that *Thing* card. This player becomes the new active player for the next round. Once a player has won a pre-determined number of *Description* cards, that player wins.
