

# **Technology Plan 2013 – 2016**

**July 1, 2013 – June 30, 1016**

Bernard A. Margolis  
State Librarian and Assistant Commissioner for Libraries  
New York State Library  
10C34 Cultural Education Center  
Albany, New York 12230  
Tel. (518) 474-5930  
Fax (518) 486-6880

January 15, 2013

Mary Jean Jakubowski, Director  
Buffalo and Erie County Public Library  
1 Lafayette Square  
Buffalo, NY 14203-1887

Re: Certification of E-rate Technology Plan Review/Approval  
**Plan Approval Expires June 30, 2016**

Dear Ms Jakubowski:

The technology plan for the Schools and Libraries Universal Service Support Mechanism (commonly known as the "E-rate") program submitted by the Buffalo and Erie County Public Library appears to include all the basic planning components required by the Federal Communications Commission (FCC) and has been **approved** by the State Education Department, New York State Library, Division of Library Development, Albany, New York. This certification applies only to the approval of this technology planning document for purposes of your E-rate application. Please retain a copy of this approval letter for your records and possible future use.

Although the basic structure of your technology plan has been approved, you are reminded that E-rate rules require a level of consistency between technology plans and E-rate funding requests that was not subject to review under our approval process.

If you have any questions about this approval, please contact Lisa Areford in the Division of Library Development at 518-473-6941 or by email at [lareford@mail.nysed.gov](mailto:lareford@mail.nysed.gov).

Best wishes for successful approval of your application for E-rate discounts.

Sincerely,

Bernard A. Margolis  
State Librarian and  
Assistant Commissioner for Libraries

CC: DLD File

December 13, 2012

Lisa Areford , E-Rate Coordinator  
Division of Library Development  
10B41 Cultural Education Center  
Albany, New York 12230

Dear Ms. Areford:

Enclosed please find a paper copy of the Buffalo and Erie County Public Library **Technology Plan 2013-2016**, as required by the Schools and Libraries Division (SLD) for a new E-Rate Technology Plan to cover July 1, 2013 – June 30, 2016. This Plan is comprehensive for the System's Central Library, city branches and all member/contract libraries. An electronic copy (PDF version) has been sent to you via e-mail.

Based upon SLD requirements, this **Technology Plan** for a Universal Service discount includes the required four core components supporting library technology initiatives:

1. establishing clear goals and a realistic strategy for using telecommunications and information technology to improve education or library services;
2. a professional development strategy to ensure that staff know how to use these new technologies to improve education or library services;
3. an assessment of the telecommunication services, hardware, software, and other services that will be needed to improve education or library services; and
4. an evaluation process that enables the Library to monitor progress toward the specified goals and make mid-course corrections in response to new developments and opportunities as they arise.

Please review the enclosed Buffalo and Erie County Public Library **Technology Plan 2013-2016** and provide us with a letter of approval for New York State Library, Division of Library Development certification, if it meets your approval. If you have questions or require any clarification, please do not hesitate to contact me. Thank you.

Sincerely,

A handwritten signature in blue ink that reads "Carol Ann Batt".

Carol Ann Batt, Chief Operating Officer

Cc: Mary Jean Jakubowski, Director

## MEMORANDUM

**TO:** Mary Jean Jakubowski, Director  
**FROM:** <sup>CAB</sup> Carol Ann Batt, Chief Operating Officer  
**SUBJECT:** 2013-2016 Technology Plan  
**DATE:** December 12, 2012

---

The purpose of this memo is to provide you with a copy of the Buffalo and Erie County Public Library **Technology Plan 2013-2016**.

The **Technology Plan 2013-2016** provides a framework and a migration path to insure state-of-the-art technology services supporting public demands and staff needs. The plan ensures an ongoing evaluation process and responsiveness to new and emerging technologies.

A good technology plan is vital to the efficient and effective implementation of current and anticipated projects. As required by the Schools and Libraries Division (SLD) for a new E-rate Technology Plan to cover July 1, 2013 - June 30, 2016, it includes all criteria necessary to meet E-rate program requirements.

The Technology Plan must be submitted to the New York State's Division of Library Development for review by December 28, 2012.

Thank you very much for your assistance in the development of **Technology Plan 2013-2016**. The contributions made by staff, the Information Technology and Technology Support Teams, and the administration were invaluable and much appreciated.

Cc: Kenneth Stone, Chief Financial Officer  
Stephen Hovey, Information Technology Administrator

BUFFALO & ERIE COUNTY PUBLIC LIBRARY  
TECHNOLOGY PLAN  
2013 - 2016

---

**I. INTRODUCTION**

---

The Buffalo & Erie County Public Library Technology Plan (2013-2016) documents the strategies necessary for deploying relevant technology, consistent with the elements and goals in the *2012-2016 Five Year Plan of Service* which has been approved by the New York State Division of Library Development and supports elements of the Library's new strategic plan developed to ensure superior library service for the residents of Buffalo & Erie County. The System consists of the Central Library, eight (8) branches in the City of Buffalo and the following twenty-two (22) contracting libraries:

- ❑ Alden Ewell Free Library
- ❑ Amherst Public Library
- ❑ Angola Public Library
- ❑ Aurora Town Public Library
- ❑ Boston Free Library
- ❑ Cheektowaga Public Library
- ❑ City of Tonawanda Public Library
- ❑ Clarence Public Library
- ❑ Eden Library
- ❑ Elma Public Library
- ❑ Grand Island Memorial Library
- ❑ Hamburg Public Library
- ❑ Hulbert Library of the Town of Concord
- ❑ Lackawanna Public Library
- ❑ Lancaster Public Library
- ❑ Marilla Free Library
- ❑ Newstead Public Library

- ❑ Orchard Park Public Library
- ❑ Town of Collins Public Library
- ❑ Town of North Collins Public Library
- ❑ Town of Tonawanda Public Library
- ❑ West Seneca Public Library

The technology needs and requirements for all libraries are provided by the Buffalo and Erie County Public Library System and are included in this document.

In 1997, the Buffalo and Erie County Public Library (B&ECPL) completed a formal technology plan that set forth an implementation strategy the Library could follow to ensure that access to information was equal to all. To accomplish the goals of the plan, it was necessary to build the required infrastructure at the Central Library and the 51 city branch and contracting libraries. On December 21, 1998, a major milestone was met with the introduction of the B&ECPL's website which incorporated the new web-based on-line catalog. The objectives of the plan were exceeded in November 1999 when the project to install at least one workstation with Internet access in each facility was completed, and over 400 public computers were made available to library patrons.

The Technology Plan (2001–2004) was closely aligned with the goals and objectives of the Library's strategic plan, *Expanding Horizons: Directions for Superior Public Library Service in Erie County* that was adopted by the B&ECPL Board of Trustees on December 14, 2000. The plan advocated *expanding* the Library's offerings of printed materials, media, **technology resources** and entertaining, informative programs."

The next Technology Plan (2004–2007) *Strengthening a Community through Exceptional Service – by Sharing a World of Information* focused on increasing the offerings to the residents of Buffalo and Erie County. In 2004, the Library's strategic plan was updated and *Breaking New Ground: A Blueprint for Strengthening a Community through Exceptional Library Service* was dedicated to providing expanded and new services and technology that directly addressed the traditional and evolving needs of the community. Significant budget reductions in 2005 and 2006 hampered the ability of the Library to achieve all the objectives of these plans. Fifteen libraries were closed, mobile library service was eliminated, and many highly regarded and much needed programs were severely limited or discontinued. The B&ECPL administration recognized the importance of the network, library automation system and public access computing. Emphasis was placed upon maintaining these services in all facilities, but progress on new and innovative projects was stifled.

The goals of the Technology Plan (2007-2010) were tied directly to one or more of the service targets defined in the strategic and five-year planning documents of the B&ECPL. The plans depended upon a state-of-the-art library automation system and other productivity tools for library staff to allow a significantly reduced workforce to continue delivering exemplary service, even in trying times. It was necessary to prioritize projects and, unfortunately, not all goals were met. In spite of the fiscal instability, much was accomplished. The network remained stable, many outdated public and staff computers were replaced, the number of public PCs increased, broadband was increased, public wifi was implemented at all libraries, downloaded audiobooks and videos were made available, and RFID implementation began in select libraries.

After thorough analysis of the recommendations and review of the *Five Year Plan of Service*, a public survey; and staff forums; a strategy emerged to map the B&ECPL's technology future preparing the Technology Plan (2010-2013). Despite insufficient funding to meet all community service needs, the B&ECPL's administrative team recognized that with a declining economy the need for Library technology services was at its highest level ever. To that end, much was accomplished during this time period. A status report on the projects supported in the Technology Plan (2010-2013) is summarized in **Appendix A**.

---

## II. MISSION STATEMENT

---

At the core of the B&ECPL's strategic planning process is a commitment to quality library service that acknowledges and embraces the wants, needs and unique qualities of the residents of Erie County. To this end, the Board of Trustees adopted the following Mission Statement in July 2004.

*"Our mission is to connect our diverse community with library resources that enrich, enlighten and entertain."*

To achieve this mission, the B&ECPL must incorporate technologies that meet the needs of the residents and this document outlines the implementation strategies. It is viewed as a working document and revisions will be made to ensure that the Library is poised to embrace any rapidly evolving technological advances as well as address System priorities.

---

### III. CURRENT ASSESSMENT

---

The B&ECPL remained committed to meet the extraordinary literacy and technology needs of the residents of Erie County and the Technology Plan (2010–2013) provided a blueprint for implementation. As the economy remained unstable, library use increased and the demand for technology resources and training skyrocketed. Several vital service and product areas were targeted including: Network Infrastructure; Public Computing and Internet Access; Electronic Resources; Virtual Library; Staff Computing; e-Communication and Technology Training.

Many goals were met and some were exceeded. And, although much remains to be accomplished, there is good news to report. In particular the following have been achieved:

- All libraries were successfully migrated to Time Warner Cable for WAN services and bandwidth has been increased all locations (ranging from 5M to 25M in community libraries to 400M at the Central Library);
- Servers supporting the SirsiDynix Integrated Library System (ILS) were replaced and the software platform was upgraded to Symphony 3.4.1;
- The Library's OPAC was upgraded from a dated Web2 version to the state-of-the-art e-Library platform;
- The Library's website [www.buffalo.lib.org](http://www.buffalo.lib.org) was revamped with a new logo and color-scheme and migrated to a Drupal platform which allows for authorized staff updates and local editing of community library pages;
- RFID theft deterrent and self-check technology installation continued; in total 24 of the 37 B&ECPL libraries are now fully implemented. Almost all equipment and implementation costs have all been covered by grant funding (ECFSA and NYS Construction Grants);
- 3 mobile Cyber Trains (2 grant funded) and all Central Library Training Lab Equipment were updated;
- 19 new laptops were acquired in 7 additional libraries to supplement desktop computers (all purchased with private funds);
- Over 1,000 public technology classes were conducted for close to 9,000 attendees;
- Virtual training opportunities were expanded with the enhanced e-Content Page on the Library's website <http://bit.ly/Pn8MVo> to include screen casts and YouTube videos;

- Downloadable e-Book offerings dramatically increased and dozens of e-Device training classes were conducted for both staff and public.

The B&ECPL recognizes that technology planning is complicated by budget challenges, on-going and shifting library priorities, and rapid developments in technology. The Technology Plan (2013-2016) provides a framework and a migration path to insure state-of-the-art technology services supporting public demand and staff needs. The elements of this plan include:

- establishing clear goals and a realistic strategy for using telecommunications and information technology to improve education or library services;
- network strategy and security;
- Information Technology staffing support;
- a professional development strategy to ensure that staff know how to use these new technologies to improve education or library services;
- an assessment of the telecommunication services, hardware, software, and other services that will be needed to improve education or library services; and
- an evaluation process that enables the Library to monitor progress toward the specified goals and make mid-course corrections in response to new developments and opportunities as they arise.

---

#### IV. GOALS AND STRATEGY FOR USING TELECOMMUNICATIONS AND INFORMATION TECHNOLOGY

---

In 2012 a new *2012-2016 Five Year Plan of Service* was finalized and approved by the New York state Division of Library Development (DLD). *System Goals & Objectives* and *B&ECPL Organizational Competencies* were approved by the Library Board. A new *Strategic Plan* was developed. A *2012 Facility Assessment Report* was finalized by Library Strategies International and Architectural Resources. These documents, along with a technology needs and assessment survey made available to all B&ECPL staff for input, provide the basis for the Technology Plan (2013–2016).

Each of the goals in the Technology Plan (2013–2016) is based upon an *organizational competency* fundamental to the B&ECPL:

1. Measure, evaluate and improve the B&ECPL's operational practices and services;
2. Maintain and enhance technology resources for the public and staff;
3. Utilize technologies and processes that improve access to information, enhance customer service, and maximize efficient service delivery;

4. Recruit, train, and deploy staff to provide and support quality customer service for all users;
5. Promote library resources and services to meet community needs and expectations;
6. Support and enhance fundraising strategies for library services.

Significant accomplishments have only been possible because of the investment in the network and infrastructure at each of the 37 library locations. The B&ECPL must work hard to maintain and enhance network hardware, software and peripherals while building and incorporating new elements as required. This includes, but is not limited to upgrades of equipment, software and bandwidth when appropriate and feasible.

The Technology Plan (2013–2016) includes a list of categorized projects identified and matched against the preceding list of institutional goals, aligned with approved planning documents. Many of the projects reflect maintenance and enhancement to existing technology initiatives. Others represent brand new and/or emerging technologies to optimize the match of library services and resources with community needs and expectations. Each of the defined projects is summarized, prioritized and scheduled to meet the service goals and institutional objectives of the B&ECPL. Each project includes objectives, associated activities and technology requirements as well as training or other necessary resources. A “Project Summary” for each is in **Appendix B**.

These projects include:

1. Administration
2. Databases
3. Development and Communications
4. Digitization
5. e-Branch
6. e-Communication
7. e-Devices
8. e-Materials (Content)
9. Human Resources
10. Integrated Library System (ILS)

11. Interlibrary Loan
12. Intranet
13. Library Construction/Renovation
14. Network Support
15. Outreach
16. Programming
17. Public Access Computing
18. RFID
19. Staff Computing
20. Telephone System
21. Training - Public
22. Training - Staff
23. Web Sites
24. Wireless

---

## V. NETWORK STRATEGY AND SECURITY

---

Security of the network is critical to the B&ECPL. Library resources must be protected and the privacy of user information must be guarded and maintained. The Technology Plan (2013-2016) includes strategies to ensure effective system-wide security and CIPA compliance. The B&ECPL adheres to the *Information Technology Security Policy* (Board-approved per Resolution 2009-44; September 17, 2009) scheduled for review during the third quarter 2013.

---

## VI. INFORMATION TECHNOLOGY STAFFING SUPPORT

---

Adequate staff and project commitment will be required to maintain and support the critical network infrastructure. Established in 1998, the B&ECPL Network Support Department suffered staff cuts as a result of the major fiscal crisis in 2005. Administrative restructuring in 2008 resulted in staffing re-appropriations and a name change from Network Support to the Information Technology Department, which more accurately reflects departmental responsibilities. As part of the restructuring, a full-time outsourced systems engineer position was eliminated and replaced by a full time Information Technology Administrator. Additional organizational changes took place in 2009 when the Technology Support division was integrated administratively with the Information Technology Department. The changes also included an integration of the webmaster position and the Library's Training Lab into the Information Technology and Technology Support Division. Over the life of Technology Plan (2010-2013), the need for additional dedicated Information Technology staff was recognized. Four part-time Library Computer Techs were hired and a full time Jr. Technology Support Services position was added in 2012. An organization chart is found in **Appendix D**.

The Information Technology Department is currently staffed with seven full-time and six part-time employees. Two computer technicians employed by *VITEC Solutions* as part of an "out-sourced services" contract, support break-fix operations. The entire team provides almost 24/7 support to the 37 libraries located across a 1,043 square-mile county. The current staff is a dedicated team of skilled professionals who maintain existing technologies as well as configure, develop and deploy equipment and services supporting organizational needs.

The department is managed by the Library's Information Technology Administrator who reports directly to the B&ECPL Chief Operating Officer. A Sr. Technical Support Services Specialist supports the connectivity to the Internet, the WAN (Wide Area Network), 37 LANs (Local Area Networks), security issues, and the Library's Sirsi-Dynix Symphony ILS (Integrated Library System) and public access catalog. The Jr. Technical Support Services Specialist works with product development, supporting all public and staff workstations. They are currently assisted by the *VITEC Solutions* computer technicians who help maintain over one thousand desktop devices, one hundred laptops, as well as servers, routers, switches, WAPs (Wireless Access Points), printers, scanners, and receipt printers.

Three full-time and four part-time computer operators maintain the Help Desk and perform routine system processing and critical server backups. Part-time staff members also deliver, set-up, monitor and sometimes act as trainers at libraries throughout Erie

County using the B&ECPL's mobile Cyber Train technology. A full time web page master maintains and upgrades the Library's web sites.

*VITEC Solutions* is also available for consultation or specialized project assistance as part of the "out-sourced services" contract, to supplement departmental staff expertise.

The complexity of the B&ECPL network will continue to increase as staff and public technology needs expand. Great strides have been made in developing methods to remotely support and maintain the vast hardware and software inventory. Open source and in-house-developed platforms and tools are being implemented on a regular basis. A major objective for 2013–2016 will be to take advantage of these productivity tools for the maintenance and upgrade of system software and applications.

The Information Technology and Technology Support Division are vital to B&ECPL services. Staff members consistently demonstrate dedication to maintaining and strengthening network services as well as supporting public and staff training needs. Although budget challenges continue, the Library's Director and administrative team remain supportive of the staffing needs in these areas. The Library, barring any unforeseen change in fiscal circumstances, is committed to sustaining the numbers of dedicated IT and technology support staff, and facilitate an increase if feasible and appropriate.

---

## VII. PROFESSIONAL DEVELOPMENT STRATEGY

---

The Library Director and administrative team recognize that the "digital divide" cannot truly be reduced solely with hardware, software and adequate bandwidth to the Internet. A commitment to providing sustained and innovative professional development and training programs, along with identifying new methods for offering technical assistance to library staff are a necessity.

Staff training has been integral to the B&ECPL's successful deployment of technology since 1997 and has been a very important element in all Technology Plans. However, budget reductions had a direct negative effect on the number of training classes that were offered. Over the course of Technology Plan (2010-2013) renewed emphasis was placed on technology staff training and the numbers and types of classes increased significantly.

Staff training is integrated in all aspects of B&ECL strategic planning documents as well as the Technology Plan (2013-2016). Each project category includes its own

“training requirements” which will be planned, budgeted and scheduled in conjunction with the implementation of new technology or provided as enhanced training opportunities.

The B&ECPL is committed to a meaningful staff training program. A full time librarian coordinates the Central Library Training Lab and System technology programming. Over the life of Technology Plan (2010-2013), the need for increased dedicated Technology Support staff was recognized. Four part-time librarians and a Senior Page were added to the Training Lab staff. Administrative staff reorganization in 2011 provided the opportunity for the B&ECPL to employ a full time Workforce Development Officer in the Human Resources Department to support staff training and development.

New and innovative methods, made possible with the latest technologies, have been implemented to enhance staff training opportunities. Examples include library-produced videos, podcasts, webinars, and regional staff training utilizing mobile Cyber Train equipment. But these tools alone, while an improvement, do not meet the training needs. The B&ECPL will continue to identify and examine innovative ways to maximize training opportunities. In particular, the Technology Support staff will explore, and implement when feasible, the use of the cost-effective alternative methods for developing curriculum and program materials as well as conducting classes, including but not limited to:

- New Development Tools (e.g., screen recording software, video recording)
- New Delivery Processes (e.g., B&ECPL hosted webinars, videoconferencing, instant messaging, small-group remote conferencing)

Professional development activities will continue to be coordinated throughout the Library System by both Technology Support and Human Resources staff. In addition to standard staff communications, the B&ECPL will continue to use Library 2.0 and social networking tools to share insights, reinforce skills that have been already introduced and train staff (e.g. videos, JavaJabber Blog, departmental wikis). New and emerging communication tools, in particular smart device technologies and apps, will continually be evaluated and implemented when appropriate and feasible; to maximize staff learning, training, participation and productivity.

Staff will be surveyed on a regular basis to solicit input on training needs to support their jobs and maximize efficiencies. When appropriate for skill building or new technology training, the Central Library Training Lab, other B&ECPL training labs and the mobile Cyber Trains will be used to provide mandatory training for staff members.

In addition to this in-house training, members of the B&ECPL staff will be funded to participate in conferences conducted off-site by other professional organizations, including:

- annual ILS User Conference (e.g. *SirsiDynix COSUGI Conference*) and Regional User Group meetings;
- national library conferences such as ALA and PLA;
- local sessions conducted by organizations such as the Western New York Library Resources Council (WNYLRC);
- and specialized conferences such as *Computers in Libraries*; when appropriate and feasible.

These outside conferences will help insure that staff members are familiar with new and emerging technologies as well as help prioritize B&ECPL initiatives.

Staff members will be encouraged to participate in appropriate webinars, which maximize staff exposure and minimize organizational costs.

Staff in the Information Technology Department will obtain specialized training in new technologies as needed from approved vendors, online learning opportunities and/or educational institutions. They will also avail themselves of the Library's collection of technical materials as well as take advantage of online free and/or subscription training resources.

---

## **VIII. ASSESSMENT OF TELECOMMUNICATION SERVICES, HARDWARE, SOFTWARE AND OTHER SERVICES NEEDED**

---

An assessment of the existing telecommunication services as well as the hardware, software and other services has been made to determine what will be required to support System initiatives and goals as well as achieve and support the projects categorized in the Technology Plan (2013-2016).

In all likelihood, additional telecommunications services, equipment and software will be required to:

- satisfy the anticipated demand for increased public access and staff computing;

- replace obsolete equipment and technologies;
- stabilize costs while maintaining or increasing services;
- maximize staff productivity;
- respond to administrative and fiduciary requirements;
- support new projects.

A detailed inventory of the existing telecommunications, hardware, software and other services located and/or supported at each of the 37 library locations has been prepared. In addition, projections were made for each year of the Technology Plan (2013-2016) for future needs. The results are included in the Library Summary Assessments (Technology Inventory) located in **Appendix C**.

---

## IX. ONGOING EVALUATION PROCESS

---

Technology planning is complicated by budget challenges, ongoing library initiatives and shifting priorities. Adequate staff and commitment will be necessary to maintain and support the critical network infrastructure. New initiatives will be needed to enhance existing services and support innovations to provide new technologies. The Technology Plan (2013-2016) recognizes the importance of both. It has been reviewed by the administrative team and approved by the Library Director. It is being shared with the Board of Trustees and will be posted to the Library's web site upon formal approval from the Division of Library Development.

It is an undeniable fact that the plan will change due to rapid developments in technology and/or a need to address organizational priorities. The Library Director and administrative team will monitor the Technology Plan (2013-2016) throughout its duration. Ongoing input will be solicited from a variety of sources, including staff and the public, employing innovative communication tools.

Throughout each year, the plan will be fine-tuned to insure alignment with B&ECPL priorities and projects. The Chief Operating Officer will hold regularly scheduled meetings with the Information Technology Administrator and Division Manager for Technical Services & Technology Support to monitor project progress and re-allocate resources as necessary. The Information Technology Administrator will provide monthly written reports outlining Project and key initiative progress. In addition, in

order to best meet the needs of community libraries, feedback on technology developments will be solicited from directors, department heads and staff at regularly scheduled meetings. Alternate electronic communication tools will be used for staff as well as public input and comment, when appropriate.

The B&ECPL will continue to track usage and satisfaction statistics, in particular relating to public access computing and training classes to understand and maximize the “user experience.”

In the evaluation of the goals and objectives of the Technology Plan (2013–2016), specific outcomes will be measured for each project and reported by the Information Technology Administrator. The Chief Operating Officer will provide regular status reports to the Library Director and administrative team. Accomplishments will be summarized annually as outlined in Appendix E.

The B&ECPL Technology Plan (2013–2016) will be reviewed in conjunction with the development and subsequent approval of the annual operating and capital budgets ensuring alliance with initiatives, goals and objectives. As a result of actual funding, the Library's strategic and operational requirements, changes in the needs of the community and the emergence of new technologies, projects may be added, changed, delayed or eliminated. Professional development tactics, budgets and schedules will be adjusted accordingly.

---

## **X. BUDGET RESOURCES**

---

The Library Director, Library Board and entire administrative team are committed to maintaining and enhancing network infrastructure, equipment, services and communication. The public and staff continually cite the need for more and better technology and additional training classes.

Although at the present time not all projects are fully funded, the Library will continue to maximize use of e-rate eligibility to insure affordable telecommunications and Internet access, as well as actively solicit grant funds and partnering opportunities to supplement resources dedicated in the B&ECPL operating budget.

Following are currently identified revenue streams dedicated to support initiatives included in the B&ECPL Technology Plan (2013–2016):

**Operating Budget.** The Library will continue to support technology requirements and initiatives. The proposed 2013 operating budget includes \$1,888,874.00 in dedicated technology-related funding as follows:

Personnel	
Info Technology	\$564,763.00
Training Lab	\$144,375.00
Training Lab (Grant)	\$11,778.00
IT Technology Support	\$345,638.00
Administration	\$66,047.00
Telecommunications	\$217,900.00
Professional Services	\$488,105.00
Lab and Tech Equipment	\$50,268.00
Total	\$1,888,874.00

**Outsourced Staffing and Maintenance Support.** The B&ECPL has entered into a contract with *VITEC Solutions* providing network, server and workstation engineering support and maintenance. The contract is in effective July 1, 2012 thru June 30, 2015.

**Grant Opportunities.** The Library will continue to actively solicit and partner with affiliate sources to maximize grant funding. Following are currently identified technology related grants:

- Erie County Fiscal Stability Authority (ECFSA) efficiency grant will provide funds to purchase all RFID equipment and supplies, as well as employ staff to convert collections, at the 13 remaining B&ECPL libraries. The base RFID implementation project is targeted to be completed in 2015.
- Library Services and Technology (LSTA) Service Improvement Grant for e-Book and Download training (2012-2013 total budget \$17,400).
- Regional Bibliographic Data Base (RBDB) grant funded by New York State and administered by the Western New York Library resources Council (WNYLRC) will provide funds in 2013 for the continued digitization of Buffalo City Directories. The B&ECPL will apply annually until the program is eliminated or funds are unavailable.
- The B&ECPL is the designated recipient of an Institute for Museum and Library Services (IMLS) federally funded grant totaling \$319,809 to demonstrate the concept of a "digitized commons" that emphasizes selection and digitization of

collections that are tied directly to virtual and physical activities and events that encourage local civic engagement. The Library will partner with the Buffalo Broadcasters Association, the University at Buffalo Center for Urban Studies, Cleveland State University's Center for Public History & Digital History, and Randforce Associates, LLC over the course of this multi-year 2012-2014 project.

**Dedicated Funds.** The B&ECPL maintains a "Designated for Contingencies - for Equipment and Technology Replacement" fund reserve specifically established to supplement technology initiatives identified as major and/or immediate needs that are not funded in the operating budget. This dedicated fund balance currently has over \$1,000,000 earmarked for equipment and technology replacement. All expenditures from this fund require Board approval.

**E-Rate Funding.** The B&ECPL remains committed to applying for, and acquiring, e-rate funding for affordable access to advance telecommunication services. The B&ECPL annually applies for a complete range of e-rate eligible services including voice, data, network, wireless, and Internet.

As an overview, the B&ECPL in the 2012-2013 funding year receives the following discounts for 37 libraries located throughout Erie County:

- Blended 61% for Internet Access and telecommunications carrier provided fiber based circuits for the Library's Wide Area Network which serves all 37 locations
- Blended 61% basic voice telephone services
- 90% cell phone service (within the City of Buffalo)

Additionally, the B&ECPL has applied for the discounts of 90% for e-rate eligible infrastructure equipment for the Central Library and is awaiting a funding commitment decision.

**Buffalo and Erie County Public Library  
Accomplishments - Technology Plan 2010-2013**

Goal No.	Project	Description	Year	Status	Type	Comments	Project No.
1,6	Administration	Administration - e-Rate	2010	Ongoing	Carryover	Compliant and Ongoing	1
1,6	Administration	Administration - State Reports	2010	Ongoing	Carryover	Compliant and Ongoing; Implemented new online forms for monthly staff reporting to streamline data collection and compilation	1
6	Administration	Pursue pertinent grant opportunities	2010	Ongoing	New	LSTA 2010-2012 Cyber Trains; LSTA 2012-2013 Cyber Trains; IMLS 2012-2014 Digital Commons; WNYLRC RBDB Digitization; ESCFA RFID Implementation; BTOP-PCC training and telecommunications center at JBR	1
1,2,3	Databases	Maintain or explore replacement of current federated search product	2010	Ongoing	Carryover	Webfeat (Serials Solutions) replaced with in-house database code solution	2
1,2,3	Databases	Upon federated search vendor contract expiration, develop & issue RFP, select and implement	2012	N/A	Carryover	No RFP or Contract required with in-house product	2
1,2,3	Databases	Evaluate Electronic Resource Management Software	2010	Complete	Carryover	Webfeat (Serials Solutions) replaced with in-house database code solution	2
1,2,3	Databases	Examine integration of e-Journal Access and Management Software	2010	Complete	Carryover		2
5,6	Development Office	Evaluate fundraising software, acquire & implement	2010	Complete	Carryover	Facilitated implementation of Raiser's Edge website and software	3
5,6	Development Office	Investigate e-Commerce solutions for online donation, acquire and implement	2010	Complete	Carryover	Facilitated implementation of Raiser's Edge B&ECPL Online giving webpage and application software (e.g.. Bucks for Books; online auctions)	3
5,6	Development Office	Develop a program or process for mass e-mail campaigns	2010	Complete	Carryover	Mass e-mail functionality using Raiser's Edge	3
3	Digitization	Develop a Digitization Plan	2010	Ongoing	Carryover		4
3	Digitization	Digitize unique items in the B&ECPL collection	2010	Ongoing	Carryover	Grand Island Dispatch, Buffalo Criterion, Buffalo City Directories	4
3	Digitization	Investigate online reproduction sales, implement if appropriate and feasible	2011	Hold	New	Sold Mark Twain Book and Poster online	4
3	Digitization	Investigate collection management software for unconventional use/loan of items; acquire & implement if appropriate and feasible	2011	Hold	New		4
3	e-Branch	Enhance and promote Collaborative 24/7 reference service	2010	Ongoing	Carryover	Continued staff participation in the project	5
3	e-Branch	Evaluate alternative real time communication tools	2010	Hold	Carryover		5
3	e-Branch	Investigate knowledge management database software	2010	Hold	Carryover		5
1,4,5	e-Communication	Maintain state-of-the-art e-mail system (e.g.. Exchange 2007)	2010	Ongoing	New	Maintaining Exchange Server	6
1,4,5	e-Communication	Maintain e-mail archiving device	2010	Ongoing	New	Maintaining archiving device	6
1,4,5	e-Communication	Evaluate and implement appropriate alternative electronic communication tools	2010	Ongoing	New		6
1,4,5	e-Communication	Acquire and implement digital display monitors in public areas	2011	Hold	New		6
2,3	e-Materials (Content)	Maintain and enhance downloadable services	2010	Ongoing	Carryover	Added Freegal music downloads and purchased more e-Books and expanded e-Book content offerings including Gutenberg Collection and EBL Consortia Pilot Project	7
2,3	e-Materials (Content)	Expand library-generated content	2010	Ongoing	New	Expanded e-Content page <a href="http://bit.ly/Pn8MVo">http://bit.ly/Pn8MVo</a> on the Library's website to include several new Training Guides, Screencasts and YouTube Videos to support download and database training as well as created additional online tutorials	7
2,3	e-Materials (Content)	Evaluate gaming software; implement when feasible	2010	Hold	New		7
2,3	e-Materials (Devices)	Monitor emerging mobile technologies and developments	2010	Ongoing	New	Added BookMyne app	8

**Buffalo and Erie County Public Library  
Accomplishments - Technology Plan 2010-2013**

Goal No.	Project	Description	Year	Status	Type	Comments	Project No.
2,3	e-Materials (Devices)	Acquire and integrate devices to enhance staff productivity and public access	2010	Ongoing	New	Acquired iPad, Nooks, SONY e-Reader and Kindles devices for staff download training; acquired net books for Central Library public service use	8
1,2,3	Human Resources	Investigate electronic alternatives to paper personnel records	2010	Hold	New		9
1,2,3	Human Resources	Investigate alternatives for electronic staff time-keeping and time-logging	2010	Ongoing	New	Expanded use of Staff Electronic Timesheets	9
1,2,3	Integrated Library System	Maintain and upgrade ILS as necessary	2010	Ongoing	Carryover	Server hardware replaced in 2012 (new backup system developed & implemented), Sirsi Workflows software upgraded to v. 4.3.1 in 2012	10
1,2,3	Integrated Library System	Investigate alternate electronic methods for delivery of Library Notices generated through ILS as well as Library-information to cardholders	2010	Ongoing	Carryover	ILS e-mails continued and implemented Raiser's Edge correspondence feature	10
1,3,6	Library Construction	Provide data cabling and equipment support for new library construction and/or renovation	2010	Ongoing	Carryover	Supported move of 40+ public PC's from former BST area to the 1st Floor in 2011; supported enhanced cabling in many libraries associated with RFID implementation Including gate, Self-Check and Staff Station implementations)	13
1,3,6	Library Construction	Provide LAN/WAN support for any new library construction and/or renovation	2010	Ongoing	Carryover	No new construction; provided support for all renovation projects that required data or technology moves	13
1,2,6	Network Support	Work with vendor to insure successful WAN upgrade with fiber optic cable in all libraries	2010	Complete	Carryover	All libraries were successfully migrated to Time Warner Cable for WAN services	14
1,2,4,6	Network Support	Upgrade Internet bandwidth from 100 MB to meet needs of library users and staff	2011	Ongoing	New	Bandwidth has been increased all locations; ranging from 5M to 25M in community libraries to 400M at the Central Library	14
1	Network Support	Upgrade firewall software and hardware/maintain possibly upgrade VPN	2011	Complete	New	Firewall/vpn version upgraded 2011	14
1	Network Support	Maintain and enhance Network Security	2010	Ongoing	Carryover	New version of virus scanner being implemented (Total Defense replaces CA Anti-virus); upgraded to Websense Web Security software for CIPA compliance (both staff and public)	14
1	Network Support	Maintain server operating systems; upgrade hardware and software as necessary	2010	Ongoing	Carryover	Public domain controllers updated to 2008 & virtualized; additional staff dc's installed & virtualized; upgraded OS, added Websense Web Security software	14
1	Network Support	Maintain and replace switches that have reached 'end of life'	2011	Ongoing	Carryover	9 switches were installed in community libraries and the original switches were recycled to other libraries with older equipment; new switches identified for the Central Library (awaiting e-Rate funding confirmation)	14
1,2,4	Network Support	Review available and required Network monitoring and troubleshooting tools; acquire as needed	2010	Ongoing	Carryover	Added 'big brother' for web/email monitor and admin notification	14
1,2,4	Network Support	Evaluate Help Desk software; replace when feasible	2010	Ongoing	New	Reviewing open source and fee-based models	14
1,2	Network Support	Investigate log analyzing hardware and software to retrieve user history logs for public PC use	2011	Ongoing	New	Used old Citrix software and hardware as partial solution; currently only able to monitor unfiltered access using proxy logs	14
4	Network Support	Strengthen Information Technology Department's ability to maintain and enhance technology for the public and staff of the B&ECPL	2010	Ongoing	Carryover	Added 3 part-time librarians and 2 part-time library computer techs to the Technology Support team; added full time Jr. Technology Support Services position to IT Department (2012)	14
1,3,5,6	Outreach	Promote and support literacy initiatives	2010	Ongoing	New		15
1,3,5,6	Outreach	Investigate and implement appropriate services for underserved populations	2010	Ongoing	Carryover	Investigating update and/or replacement of hardware and software available in the Disabilities Room at the Central Library; collaborating with Olmsted Center for Sight	15

**Buffalo and Erie County Public Library  
Accomplishments - Technology Plan 2010-2013**

Goal No.	Project	Description	Year	Status	Type	Comments	Project No.
2	Public Access Computing	Provide sufficient numbers of current workstations to meet users needs	2010	Ongoing	Carryover	RFID Self-Checks added at 15 libraries	16
2	Public Access Computing	Expand number of laptops available for public use	2010	Ongoing	New	12 public & 1 staff training laptop acquired for JBR (BTOP-PCC Grant); 19 laptops were acquired in 7 additional libraries (Private funds)	16
2	Public Access Computing	Provide sufficient numbers and appropriate hardware (e.g.. printers) and peripherals to meet users needs	2010	Ongoing	Carryover	2 new heavy use color printers were acquired for the Central Library; BW Printers acquired for TON and WSE; Color Printer acquired for TON	16
1,2	Public Access Computing	Maintain and upgrade self-authentication software for public PC sign-up; Investigate and enhance PC reservation options	2010	Ongoing	Carryover	Continued support of EnvisionWare, Inc. PC Reservation and LPT One	16
2	Public Access Computing	Maintain and upgrade filtering hardware and software to insure CIPA compliance	2010	Ongoing	Carryover	Upgraded to Websense Web Security software for CIPA compliance	16
1,2	Public Access Computing	Maintain and enhance printer cost recovery options (including printing from individual's laptops)	2010	Ongoing	New	Beta testing for printing with personally owned laptops through EnvisionWare;	16
1,2	Public Access Computing	Evaluate and upgrade current software and applications to insure state-of-the-art versions and resources	2010	Ongoing	New	Upgraded software; provided for better PDF print capabilities; totally rebranded the youth profile including new web-based games	16
1,2	Public Access Computing	Upgrade and expand adaptive technology and assistive devices	2010	Ongoing	Carryover	JBR acquired 1 PC with adaptive technology (BTOP-PCC Grant)	16
1,2,6	Public Access Computing	Establish specialized 'centers' at selected libraries (e.g.. gaming, Video Editing)	2012	Hold	New		16
1,2	Public Access Computing	Investigate Authentication and Accounting Module (AAM); implement if appropriate and feasible	2011	Hold	New		16
1,2	Public Access Computing	Evaluate expanded public fax service; implement if appropriate and feasible	2010	Ongoing	Carryover	Installed pubic FAX machine at Central Library	16
1,2	Public Access Computing	Investigate digital content download stations; implement when feasible	2011	N/A	New	No longer needed; alternate solutions being employed and evaluated	16
1,2,6	RFID	Implement RFID at Central Library and Amherst libraries	2010	Complete	Carryover	All implementations complete	17
1,2,6	RFID	Implement RFID at any libraries receiving NYS Construction funding	2010	Complete	New	All implementations complete	17
1,2,6	RFID	Develop implementation plan for libraries not funded for RFID; implement when feasible	2011	Ongoing	New	Funding secured for all remaining locations through an additional ECFSA Grant	17
1,2,6	RFID	Prepare RFP for automated materials handling system (AMH) for Central Library; implement when appropriate	2011	Hold	New		17
1,2,6	RFID	Evaluate expanded RFID options and technologies (e.g.. automated returns, enhanced media security, library card technology); implement when feasible	2011	Hold	New		17
2,4	Staff Computing	Maintain, add and/or replace computer hardware and associated peripherals	2010	Ongoing	Carryover	17 staff PCs updated (NYS Construction Grants); 1 staff PC (BTOP Grant); 88 (ECFSA Grants); 4 high-end PCs purchased for Rare Book Room, 1 high end PC purchased for Technology Team; high-end microfiche reader/printer/digitizer for Special Collections (private donation); 135 staff PCs on order from equipment reserve funding	18
6	Staff Computing	Maintain and upgrade appropriate filter on staff workstations to insure CIPA compliance	2010	Ongoing	Carryover	Upgraded to Websense Web Security software for CIPA compliance	18
2,4	Staff Computing	Upgrade or add appropriate applications, software, plug-ins etc.	2010	Ongoing	Carryover	Regular Windows updates performed	18
2,4	Staff Computing	Upgrade ILS client software when appropriate	2010	Ongoing	Carryover	WorkFlows upgrade October 2010 and November 2012	18

**Buffalo and Erie County Public Library  
Accomplishments - Technology Plan 2010-2013**

Goal No.	Project	Description	Year	Status	Type	Comments	Project No.
1,2	Telephone System	Investigate system-wide VoIP Telephony System; implement if appropriate and feasible	2011	Hold	Carryover		19
5	Training - Public	Insure up-to-date stationary training labs and mobile Cyber Trains	2010	Ongoing	New	3 Cyber Trains replaced (2 LSTA Grant-funded); printer and all PCs in Central Library Training Lab replaced	20
5	Training - Public	Expand and enhance curriculum and training opportunities to meet community needs	2010	Ongoing	Carryover	Dozens of classes were rewritten and/or created; approximately 1,000 technology classes conducted; expanded eContent on the website to meet remote user needs; conducted Technology Petting Zoos; Conducted One-on-One e-Device training	20
5	Training - Public	Explore alternative training options; acquire appropriate hardware and software; implement when feasible	2010	Ongoing	Carryover	Camtasia screencasts and YouTube videos were developed, promoted and posted on Library Web Site; updated Camtasia software & a video recorder were purchased; 2 staff computers were replace with the newest technology to support staff needs	20
4	Training - Staff	Insure adequate staff training to meet or exceed minimum skill levels needed to perform job requirements	2010	Ongoing	Carryover	New classes developed; Staff surveys were administered regularly to determine technology training needs; almost 50 classes were conducted	21
4	Training - Staff	Utilize Library 2.0 and beyond services and resources	2010	Ongoing	New	Camtasia, Ning, Java Jabber blogs, Library Director Message screencast on Intranet; dozens of webcasts viewed by staff	21
4	Training - Staff	Develop and implement plan to insure Library 2.0 basic skill sets	2011	Ongoing	New	Staff classes included Introductions to Facebook, Twitter, LinkedIn, Skype; Downloads; Editing Digital Pictures	21
4	Training - Staff	Explore alternative training options; acquire appropriate hardware and software; implement when feasible	2011	Ongoing	New	Staff participation in training Webinars; telecommunications equipment available at JBR (BTOP-PCC Grant)	21
1,2	Web Sites	Explore creation of customized/personalized interfaces	2010	Ongoing	New	Authorized staff have access to web page editing	22
1,2,5	Web Sites	Maintain and enhance the Library's online presence	2010	Ongoing	New	Continued & new active presence on Facebook, Twitter, Twitpic, Pinterest, YouTube & Flickr; Redesigned Library Web Site Home Page; Rebranded logo and website colors; created e-Content & e-Community Web Site pages, Posted Library-recorded programs and speaker podcasts	
2,3	Wireless	Improve and expand wireless access to all B&ECPL facilities	2010	Complete	Carryover	All libraries offer free wifi	23
1,2,3,5	Wireless	Evaluate development of web interface for mobile devices; implement when appropriate and feasible	2010	Ongoing	New	BookMyne Mobile app implemented; Facebook "My Account" feature implemented	23
4	Wireless	Evaluate use of handheld devices for assisting library users or collecting data; implement when feasible	2010	Ongoing	New	Net books tested with Central Library Subject Department staff	23
1	Wireless	Investigate use of wireless technology for temporary and permanent cabling requirements in select locations	2010	Ongoing	Carryover	Wireless technology used when necessary	23
2	Wireless	Investigate solutions to printing from individual-owned laptops	2010	Ongoing	New	Software and programming complete; beta testing live public environment	23

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY  
TECHNOLOGY PLAN  
2013 - 2016

---

**PROJECT SUMMARY SHEET**  
**ADMINISTRATION**

---

**Target Date:** 2013  
& Ongoing

**Project Number: 1**

**Library Goal:**

Measure, evaluate and improve the B&ECPL's operational practices and services

Support and enhance fundraising strategies for library services.

**Objectives:**

Seek funds to maintain and enhance the Library's technology-based services.

Satisfy State mandated reporting requirements for basic aid.

**Activities:**

1. Apply annually for e-rate discounts for libraries throughout the System.
2. Actively pursue all pertinent grant opportunities.
3. Generate the reports necessary to complete the Annual Reports to the State of New York.

**Technology Requirements:**

1. Updated Technology Plan.
2. State of the art ILS (Integrated Library system).
3. Technological protection measures (filters) maintained for CIPA compliance and e-Rate eligibility.

4. Access to Internet with sufficient bandwidth and workstations equipped with a stable browser and up-to-date applications.

**Training Requirements:**

1. Participation in annual e-Rate training programs.
2. Staff training to insure responsible maintenance and administration of the Library's ILS (Integrated Library System) and network.
3. Ongoing or targeted staff training to support technology initiatives or complete reporting requirements.

PROJECT SUMMARY SHEET  
DATABASES

---

**Target Date: 2013  
& Ongoing**

**Project Number: 2**

**Library Goals:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Maintain and enhance technology resources for the public and staff;

Utilize technologies and processes that improve access to information, enhance customer service, and maximize efficient service delivery;

Promote library resources and services to meet community needs and expectations.

**Objectives:**

Evaluate and strengthen electronic collections.

Ensure user-friendly search capabilities.

Provide relevant indicators of library use by mining and maintaining usage statistics.

**Activities:**

1. Ensure collection management of the online electronic resources (e.g. add new databases and de-access or replace underutilized databases).
2. Maximize search capabilities utilizing open source, in-house development or federated search products, as appropriate.

3. Ensure accurate and relevant search usage statistical reporting by database and by access/delivery point.
4. Evaluate Electronic Resource Management software or e-Journal Access and Management software; acquire and implement if necessary and feasible.

**Technology Requirements:**

1. Open source software, federated search product, in-house product or viable alternative.
2. Web Proxy.
3. Servers, if required by software.
4. Internet Access with sufficient bandwidth.
5. Possible Electronic Resource Management Software.
6. Possible e-Journal Access and Management Software.

**Training Requirements:**

1. Additional database use training for staff and public.
2. Technical expertise in open source or in-house produced applications.
3. Possible training in use of Electronic Resource Management Software for staff.
4. Possible training in use of e-Journal Access and Management Software for staff and public.

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY  
TECHNOLOGY PLAN  
2013 - 2016

---

**PROJECT SUMMARY SHEET**  
**DEVELOPMENT AND COMMUNICATIONS**

---

**Target Date: 2013  
& Ongoing**

**Project Number: 3**

**Library Goal:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Promote library resources and services to meet community needs and expectations.

Support and enhance fundraising strategies for library services.

**Objectives:**

Promote the use of library resources and services.

Effectively communicate organizational initiatives to public and staff.

Secure the public and private funding necessary to fulfill the Library's mission.

**Activities:**

1. Maintain and support Raiser's Edge software for online fundraising and communication needs.
2. Insure maximized use of Raiser's Edge resources.
3. Maximize processes utilized for mass e-mail campaigns to streamline data management in Raiser's Edge and the Library's user database.
4. Provide and maintain technologies to support internal and external communications.
5. Maintain and maximize use of Evanced software.

6. Evaluate alternatives to Evanced solutions. Acquire and implement if appropriate and feasible.
7. Investigate online sales options (e.g. online bookstore) for promotion and sales. Acquire and implement when appropriate and feasible.

**Technology Requirements:**

1. Internet access.
2. Network Infrastructure.
3. Fundraising software.
4. E-Commerce software.
5. Mass e-mailing software.

**Training Requirements:**

1. Training for Development Office staff.

**Other Resources Needed:**

1. Possible e-Commerce vendor relationship.
2. Hosting services.

PROJECT SUMMARY SHEET  
DIGITIZATION

---

**Target Date:** 2013  
& Ongoing

**Project Number:** 4

**Library Goal:** Utilize technologies and processes that improve access to information, enhance customer service, and maximize efficient service delivery;

Promote library resources and services to meet community needs and expectations;

**Objective:** Digitize special materials and unique items in the B&ECPL collection.

**Activities:**

1. Develop a Digitization Plan for imaging projects at the Central Library and other B&ECPL libraries.
2. Implement the B&ECPL's Digitization Plan to identify and digitize appropriate holdings.
3. Identify appropriate storage and insure maximum access.
4. Support 2013-2014 "digitized commons" IMLS Grant.
5. Develop and implement plan to publicize and showcase library holdings.
6. Investigate online reproduction sales; implement if appropriate and feasible.

**Technology Requirements:**

1. Internet access.

2. High-end digital scanners, printers and related equipment.
3. High-end workstation(s) with appropriate software.
4. Access to appropriate digital content management software.
5. Possible software to support online sales.
6. Adequate and secure storage device(s).
7. Adequate bandwidth.

**Training Requirements:**

1. Staff training in use of equipment and software.

**Other Resources Needed:**

1. Collaboration with regional hosting services.
2. Collaboration with grant partners.
3. Possible vendor relationships for digitization, storage and/or online sales.

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY  
TECHNOLOGY PLAN  
2013 - 2016

---

**PROJECT SUMMARY SHEET**  
**E-BRANCH**

---

**Target Date: 2013  
& Ongoing**

**Project Number: 5**

- Library Goal:** Utilize technologies and processes that improve access to information, enhance customer service, and maximize efficient service delivery.
- Objective:** Maintain and Enhance services provided by e-Branch.
- Activities:**
1. Support and maintain collaborative 24/7 reference service.
  2. Investigate alternatives to supplement current Contact Us e-mail reference service.
  3. Investigate alternatives to upgrade telephone system to state-of-the-art call center. Implement when feasible.
  4. Enhance electronic information delivery (e.g. scanning, e-delivery).
  5. Evaluate alternative real time communication tools (e.g. text messaging, live chat, instant messaging).
  6. Investigate products and services to create and assign work tickets for questions requiring follow-up or monitoring by more than one staff member.
- Technology Requirements:**
1. Access to the Internet.

2. Appropriate hardware and software to provide 24/7 reference service.
3. Hardware and/or software to support real time communication.
4. Hardware and/or software to support telephone call center and work tickets.

**Training Requirements:**

1. Staff training in use of software for real time on-line reference service.
2. Staff training in use of alternate communication tools and devices.

**Other Resources Needed:**

1. Collaboration with 24/7 reference service provider.
2. Possible new vendor relationships.

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY  
TECHNOLOGY PLAN  
2013 - 2016

---

**PROJECT SUMMARY SHEET**  
E-COMMUNICATION

---

**Target Date:** 2013  
& Ongoing

**Project Number:** 6

**Library Goal:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Maintain and enhance technology resources for public and staff;

Utilize technologies and processes that improve access to information, enhance customer service, and maximize service delivery;

Recruit, train, and deploy staff to provide and support quality customer service for all users;

Promote library resources and services to meet community needs and expectations.

**Objective:**

Improve and diversify the B&ECPL's electronic communications mechanisms.

**Activities:**

1. Maintain state-of-the-art staff e-mail system and archiving strategy.
2. Maintain active presence on social networking sites to enhance communication and information sharing.
3. Evaluate the use of alternative electronic communication tools (e.g. Blogs, wikis, IM, Skype, videos, videoconferencing, etc.).

4. Implement and promote new and emerging electronic communication alternatives.
5. Implement digital display monitors in public areas when appropriate and feasible.

**Technology Requirements:**

1. Adequate communications server.
2. Messaging and collaboration software.
3. Anti-Spam and anti-virus software.
4. E-Mail archiving device.
5. Back-up hardware and software.
6. Other hardware and/or software to support alternate electronic communications.

**Training Requirements:**

1. Technical Training – Information Technology Staff.
2. Appropriate staff training.

TECHNOLOGY PLAN  
2013 - 2016

---

PROJECT SUMMARY SHEET  
E-DEVICES

---

**Target Date: 2013  
& Ongoing**

**Project Number: 7**

**Library Goal:**

Maintain and enhance technology resources for public and staff;

Utilize technologies and processes that improve access to information, enhance customer service, and maximize service delivery;

Promote library resources and services to meet community needs and expectations;

**Objective:**

Integrate handheld, mobile and/or smart devices with Library operations and services.

**Activities:**

1. Monitor existing and emerging mobile technologies and developments.
2. Evaluate products for library applications.
3. Acquire and integrate appropriate devices to enhance staff productivity when appropriate and feasible.
4. Acquire and/or develop appropriate applications supporting handheld or smart devices.
5. Evaluate e-devices for library check-out. Acquire and implement if feasible and appropriate

**Technology Requirements:**

1. Internet access.

**Training Requirements:**

2. Appropriate hardware devices for testing.
1. Staff training in use of new resources.
2. Staff training in use of any required device.
3. Relevant public training.

2013 - 2016

---

**PROJECT SUMMARY SHEET  
E-MATERIALS (CONTENT)**

---

**Target Date: 2013  
& Ongoing**

**Project Number: 8**

**Library Goal:**

Maintain and enhance technology resources for public and staff;

Utilize technologies and processes that improve access to information, enhance customer service, and maximize service delivery;

Promote library resources and services to meet community needs and expectations.

**Objective:**

Expand and strengthen electronic collections.

**Activities:**

1. Monitor developments in standards and use of digital formats.
2. Maintain and enhance downloadable services (e.g. OverDrive, Inc., Freegal).
3. Integrate additional appropriate electronic resources in the library collection when feasible.
4. Evaluate the viability of other electronic content formats for public library use.
5. Evaluate commercial services providing electronic resources for libraries.
6. Develop, issue and award an RFP for services if appropriate and feasible.

7. Expand library-generated content (e.g. podcasts, streaming video).
8. Evaluate age-appropriate gaming software for public library applications. Implement at select locations if appropriate and feasible.

**Technology Requirements:**

1. Internet access.
2. Network infrastructure.
3. Appropriate e-devices for testing.
4. Video hardware and software.
5. Appropriate digital device software.

**Training Requirements:**

1. Staff training in use of new resources.
2. Staff training in use of any new devices.
3. Relevant public training.

2013 - 2016

---

**PROJECT SUMMARY SHEET  
HUMAN RESOURCES**

---

**Target Date:** 2013  
& Ongoing

**Project Number:** 9

**Library Goal:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Maintain and enhance technology resources for public and staff;

Recruit, train, and deploy staff to provide and support quality customer service for all users.

**Objective:**

Provide electronic access to specified personnel documents.

Provide electronic time-keeping.

**Activities:**

1. Investigate electronic alternatives (e.g. scanning) to archive, maintain, and/or access specified paper format personnel records (both current and historical). Implement if appropriate and feasible.
2. Maintain and expand electronic staff time-keeping and time-logging.

**Technology Requirements:**

1. Possible Internet.
2. Possible network infrastructure.
3. Required hardware.
4. Required Software.

**Training Requirements:**

1. Staff training.

**Other Resources Needed:**

1. Possible outside vendor consultant.

TECHNOLOGY PLAN  
2013 - 2016

---

**PROJECT SUMMARY SHEET  
INTEGRATED LIBRARY SYSTEM (ILS)**

---

**Target Date: 2013  
& Ongoing**

**Project Number: 10**

**Library Goal:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Maintain and enhance technology resources for public and staff;

Utilize technologies and processes that improve access to information, enhance customer service, and maximize service delivery.

**Objective:**

Provide a state-of-the-art, stable and responsive integrated library system.

**Activities:**

1. Maintain and upgrade, as necessary, current Integrated Library System (e.g. SirsiDynix).
2. Continually monitor and evaluate vendor products that support and enhance ILS capabilities and features. Acquire as appropriate and feasible.
3. Insure integrity and relevancy of user and bibliographic data.
4. Produce required reports through statistical data and analysis.

5. Investigate alternate electronic methods (e.g. text-messaging) for delivery of Library Notices generated from the ILS (e.g. Overdue, Hold). Implement if appropriate and feasible.
6. Maintain and enhance public access catalog. Investigate next-generation interfaces and features. Implement if appropriate and feasible.
  - a. Implement alternative open-source or proprietary catalog interface.
  - b. Investigate and implement appropriate social networking and user-experience features (e.g. book reviews, ratings, book clubs, tagging).
  - c. Implement personalization features (e.g., favorites' notifications, location-based information).
  - d. Evaluate development of discovery interfaces for mobile devices. Implement when feasible.
  - e. Investigate discovery-enhancing options (e.g., single search, FRBR-like displays, and enhanced visual displays). Implement if appropriate and feasible.
  - f. Investigate options to deliver and manage e-materials directly from the public access catalog.
7. Implement an online library card application feature.
8. Investigate and implement cardholder initiated PIN changes when they do not remember PIN.
9. Evaluate and implement, when feasible, ILS automated link checking feature.
10. Investigate scanning options for existing and future library card applications for on-line staff retrieval. Implement if appropriate and feasible.
11. Research the ILS "Books by Mail" feature. Implement if appropriate and feasible.

12. Investigate additional electronic payment or cardholder deposit account options (e.g. AAM – Authentication and Accounting) and implement if appropriate and feasible.
13. Prepare issue, evaluate and award RFP for automated Authority Control.
  - a. Implement and maintain ongoing automated Authority Control.
14. Investigate expanded self-service operations for select libraries (including automated materials vending). Implement if appropriate and feasible.
15. Conduct market analysis to evaluate current and alternate integrated library system (ILS) functionality and potential costs.
16. Develop an action plan and timeline to acquire and implement a new integrated library system (ILS), if necessary and cost effective, including any affiliated RFP development or vendor demonstrations.

**Technology Requirements:**

1. Internet access.
2. Adequate Network infrastructure.
3. Production and test servers.
4. Backup device and associated backup media.
5. ILS and public access catalog, including SIP2.
6. Hardware and software supporting and affiliate vendor products (e.g. SirsiDynix Director’s Station)

**Training Requirements:**

1. ILS training for core Information Technology staff.
2. Staff training.

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY  
TECHNOLOGY PLAN  
2013 - 2016

---

**PROJECT SUMMARY SHEET**  
**INTERLIBRARY LOAN**

---

**Target Date:** 2013  
& Ongoing  
**Project Number:** 11

**Library Goal:** Utilize technologies and processes that improve access to information, enhance customer service, and maximize efficient service delivery;

Promote library resources and services to meet community needs and expectations;

**Objective:** Enhance resource sharing for B&ECPL patrons through interlibrary loan opportunities.

**Activities:**

1. Maintain the use of Interlibrary Loan Management software. (e.g., OCLC ILLiad).
2. Promote ILL services.
3. Promote electronic document delivery.
4. Upgrade hardware and software when appropriate.

**Technology Requirements:**

1. ILLiad Software.
2. Adequate Server (currently virtualized).
3. Adequate client(s).

**Training Requirements:**

1. Public Training – ILL and electronic document delivery services.

PROJECT SUMMARY SHEET  
INTRANET

---

**Target Date: 2013  
& Ongoing**

**Project Number: 12**

**Library Goals:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Maintain and enhance technology resources for public and staff;

Recruit, train, and deploy staff to provide and support quality customer service for all users.

**Objectives:**

Improve the B&ECPL's internal communications mechanisms. Increase staff access to technology.

**Activities:**

1. Develop a new Intranet website with user-friendly, informative interface and maximized search capabilities.
2. Insure up-to-date content.
3. Develop and integrate a real-time staff networking site.
4. Streamline forms employing intelligent documents which provide fill-able forms with electronic authentication and signature.
5. Provide the ability to save, organize, share and submit documents electronically.

**Technology Requirements:**

1. Adequate Web Server.
2. Local and remote access to the Intranet.

**Training Requirements:**

1. Staff training.

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY

TECHNOLOGY PLAN

2013 - 2016

---

**PROJECT SUMMARY SHEET**  
**LIBRARY CONSTRUCTION/RENOVATION**

---

**Target Date: 2013  
& Ongoing**

**Project Number: 13**

**Library Goal:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Promote library resources and services to meet community needs and expectations.

Support and enhance fundraising strategies for library services.

**Objective:**

Provide technical support for design, development and integration of the network infrastructure and communications in all library construction and major renovation projects.

**Activities:**

1. Insure design, cabling and LAN/WAN installations are appropriately integrated into the Library's network for all B&ECPL building renovation projects or any new construction.
2. Insure move of existing or implementation of new telephone and data communications services.
3. Install PCs and all related peripherals to support technology requirements.

**Technology Requirements:**

1. Access to the Internet.
2. Network infrastructure.

3. Appropriate Internet and communications cabling.
4. Telecommunications equipment.
5. Network equipment (e.g. routers, switches).
6. Server and workstation hardware as well as associated peripherals.

**Training Requirements:**

1. Skilled staff.

**Other Resources Needed:**

1. Consultation with architect, building contractor, data communications provider and any other appropriate consultants or vendors.

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY  
TECHNOLOGY PLAN  
2013 - 2016

---

**PROJECT SUMMARY SHEET**  
**NETWORK SUPPORT**

---

**Target Date: 2013  
& Ongoing**

**Project Number: 14**

**Library Goals:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Maintain and enhance technology resources for public and staff;

Utilize technologies and processes that improve access to information, enhance customer service, and maximize service delivery.

**Objective:**

Provide a robust, secure, high-performance network for all B&ECPL libraries, supporting public and staff needs.

**Activities:**

1. Insure a stable, high performance network.
2. Upgrade bandwidth to Internet as needed to meet the needs and demands of the library users and the staff of the B&ECPL.
3. Prepare issue and award contract for Wide Area Network (WAN) prior to June 30, 2015 contract expiration.
4. Upgrade firewall software and hardware.
5. Maintain and possibly upgrade VPN (Virtual Private Network) for secure access to Library's network.
6. Maintain operating system of all servers. Upgrade hardware and operating software as necessary.

7. Maintain and update Internet-threat and network security software as needed.
8. Replace, as necessary, Cisco routers and switches that have reached “end of life.”
9. Review available and required network monitoring and troubleshooting tools. Obtain and install as needed.
10. Update Board-approved *Information Technology Security Policy*.
11. Evaluate Help Desk system software alternatives.
  - a. Replace Help Desk system software when feasible.
12. Update Computer Operations Manual and Information Technology Staff Problem Resolution Guide.
13. Strengthen Information Technology Staff’s ability to maintain and enhance technology for the public and staff of the B&ECPL.
14. Investigate log analyzing hardware and software to efficiently retrieve required user history on public PCs using filtered profiles.

**Technology Requirements:**

1. Internet access.
2. Firewall hardware and software.
3. Internet threat-detection software (anti-virus and anti-spam).
4. VPN.
5. Routers at all libraries.
6. Switches.
7. Network monitoring software.
8. Help Desk System (replacement software).
9. Appropriate log analyzing hardware and software to data-mine massive PC-use and Internet-use log files and disc space to accommodate storage.

**Training Requirements:**

1. Technical training for appropriate Information Technology staff.

**Other Resources Needed:**

1. Assistance from Erie County Purchasing and D.I.S.S. in RFP and bid process.
2. Electronic communications network between the B&ECPL and the County of Erie to access website and specific shared applications (e.g. SAP software)
3. Consulting.
4. Contract with telecommunications service provider.

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY  
TECHNOLOGY PLAN  
2013 - 2016

---

PROJECT SUMMARY SHEET  
OUTREACH

---

**Target Date: 2013  
& Ongoing**

**Project Number: 15**

- Library Goals:**
- Measure, evaluate and Improve B&ECPL's operational practices and services;
  - Maintain and enhance technology resources for public and staff;
  - Utilize technologies and processes that improve access to information, enhance customer service, and maximize service delivery;
  - Promote library resources and services to meet community needs and expectations.
  - Support and enhance fundraising strategies for library services.
- Objective:**
- Optimize library services to the underserved residents of Buffalo and Erie County Public Library.
- Activities:**
1. Promote and develop outreach activities that reach targeted populations.
  2. Investigate the use of "Home Delivery" of library resources.
  3. Investigate patron access to library catalog, web site and the Internet, at non-library locations (e.g. kiosks, mobile vehicles).
  4. Promote literacy initiatives.

5. Collaborate with organizations and agencies who work with the disadvantaged.
6. Research practices of other libraries. Implement when reasonable and feasible.
7. Develop collaborations among state, county and other agencies enhancing their access to information resources through the Library's traveling programs to compliment their outreach.
8. Participate in regional outreach events and/or establish a presence in public locations to promote awareness, provide hands on access to related materials, and inform non-library users of our services & resources.
9. Provide appropriate laptops, projectors and other technologies to support outreach efforts.

**Technology Requirements:**

1. Internet access.
2. Software to manage and support Home Delivery service.

**Training Requirements:**

1. Staff training for Home Delivery service.
2. Public awareness training.

**Other Resources Needed:** The Library will continue to actively solicit grant funds and partnering opportunities to supplement resources dedicated in the B&ECPL operating budget.

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY  
TECHNOLOGY PLAN  
2013 - 2016

---

**PROJECT SUMMARY SHEET  
PROGRAMMING**

---

**Target Date: 2013 &  
& Ongoing**

**Project Number: 16**

**Library Goal:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Maintain and enhance technology resources for public and staff;

Utilize technologies and processes that improve access to information, enhance customer service, and maximize service delivery;

Promote library resources and services to meet community needs and expectations.

**Objectives:**

Support quality public programs throughout the Library system.

**Activities:**

1. Support technologies required for public programs and performances.
2. Evaluate, maintain and/or acquire appropriate equipment to support meeting and programming needs.
3. Ensure appropriate technologies are available in all libraries or shared on a regional basis.

**Technology Requirements:**

1. Internet access.
2. Televisions, laptops, projectors and other peripheral devices.

**Training Requirements:**

1. Training for IT or A/V support staff.
2. Training for community library staff to operate equipment and technologies.

**Other Resources Needed**

1. Sufficient staff to support programming needs for outside groups or non-library conducted programs.

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY

TECHNOLOGY PLAN

2013 - 2016

---

**PROJECT SUMMARY SHEET**  
**PUBLIC ACCESS COMPUTING**

---

**Target Date: 2013**  
**& Ongoing**

**Project Number: 17**

**Library Goal:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Maintain and enhance technology resources for public and staff;

Promote library resources and services to meet community needs and expectations;

Support and enhance fundraising strategies for library services.

**Objective:**

Provide and maintain an adequate number of public access computers suitably configured with current, age-appropriate applications and software.

Insure sufficient bandwidth and CIPA-compliant access to the Internet.

**Activities:**

1. Provide sufficient numbers of current workstations to meet user needs (add, maintain and/or replace obsolete public PCs as needed).
2. Expand the number of laptops available for public in-library use.
3. Provide appropriate and user-friendly interface for public PCs.

4. Investigate mobile devices and e-Readers for in-library use (e.g. iPads, note pads, Kindles). Acquire and implement if appropriate and feasible.
5. Provide sufficient numbers of printers, scanners, and other appropriate peripherals to meet user needs. Replace as needed.
6. Maintain and upgrade user self-authentication software for public access computer sign-up.
  - a. Evaluate alternatives to current vendor product; implement if appropriate and feasible.
7. Investigate enhancements to public PC reservations options. Implement if appropriate.
  - a. Advance reservations.
  - b. Remote user sign-up.
8. Maintain and upgrade mandatory filtering hardware and software to insure CIPA compliance.
9. Maintain self-serve, user-friendly printer cost recovery at all public workstations in the Central Library. Investigate printer cost recovery options for other library locations and implement if feasible.
10. Evaluate current software and provide regularly scheduled updates to existing computer workstations to optimize performance as follows:
  - a. Current operating system, browser and all required "plug-in" programs.
  - b. Applications (e.g. Microsoft Office).
  - c. Educational software.
11. Replace or add applications and/or software when appropriate and feasible.

12. Upgrade and expand adaptive technology and assistive devices:
  - a. Evaluate current special needs accommodations, devices and software to insure relevancy. Replace or add new products when appropriate and feasible.
  - b. Upgrade, as required, and expand usage of software technology specifically installed for the vision impaired (e.g., JAWS, ZoomText).
  - c. Upgrade, as required, and expand usage of software technology for the learning disabled (e.g. J-Say, Kurzweil, Radio Receivers, etc.).
13. Provide specialized "centers" at selected libraries for various patron populations (e.g. Video Editing; Desktop Publishing; Family Computer Areas) when appropriate and feasible.
14. Evaluate expanded public fax services at selected libraries and implement if appropriate and feasible.
15. Maintain and/or establish additional age-appropriate gaming stations at select libraries.
16. Investigate non-English language "public access model" with appropriate software.
17. Investigate and support digital content downloads when appropriate and feasible.

**Technology Requirements:**

1. Internet access.
2. Network Infrastructure.
3. Profile imaging strategy.
4. Uninterruptable power supplies.
5. Application packaging software.

6. Active Directory.
7. Computers and Servers.
8. Filtering software
9. Patron Self Authentication software.
10. Printer Cost Recovery software.
11. Application software.
12. Printers, scanners and peripherals.
13. Hardware and software for assistive technology.
14. Wireless Access Point devices.
15. Anti-virus and anti-spam software.
16. Back-up hardware and software.

**Training Requirements:**

1. Information Technology staff training for new/updated hardware and software.
2. Staff and public training in the use of new hardware and software programs.

**Other Resources Needed:**

1. Out-sourced technology support.
2. Possible Consulting.
3. The Library will continue to actively solicit grant funds and partnering opportunities to supplement resources dedicated in the B&ECPL operating budget.

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY  
TECHNOLOGY PLAN  
2013 - 2016

---

**PROJECT SUMMARY SHEET  
RFID**

---

**Target Date: 2013  
& Ongoing**

**Project Number: 18**

**Library Goal:** Maintain and enhance technology resources for public and staff;

Utilize technologies and processes that improve access to information, enhance customer service, and maximize service delivery;

Support and enhance fundraising strategies for library services.

**Objective:** Expand RFID technology throughout the B&ECPL System to improve public service and increase staff productivity.

- Activities:**
1. Implement RFID technology at remaining contract libraries utilizing dedicated ECFS grant funding.
  2. Investigate incorporating automated return technology and/or automated materials handling system (AMH) in designated B&ECPL libraries.
  3. Prepare, evaluate and award RFP for automated return and/or materials handling system (AMH) for designated libraries when appropriate and feasible.
  4. Investigate RFID library card technology. Implement when appropriate and feasible.
  5. Prepare, issue and award RFP to provide RFID equipment, supplies and services for the Buffalo &

Erie County Public Library to meet 2013 contract expiration.

6. Investigate the use of PDAs and/or reports for collection management. Implement when appropriate and feasible.

**Technology Requirements:**

1. Internet access
2. SIP connection to the ILS (e.g. SirsiDynix WorkFlows).
3. Data and electrical cabling.
4. RFID hardware and software.
5. Specialized equipment (e.g. automated materials handling equipment, automated return technology).

**Training Requirements:**

1. Information Technology staff hardware and software training.
2. Staff hardware and software training.
3. Public training.

**Other Resources Needed:** Vendor maintenance and software support.

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY  
TECHNOLOGY PLAN  
2013 - 2016

---

**PROJECT SUMMARY SHEET**  
**STAFF COMPUTING**

---

**Target Date: 2013  
& Ongoing**

**Project Number: 19**

**Library Goal:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Maintain and enhance technology resources for public and staff.

**Objective:**

Provide appropriate staff access to computer technology.

Insure sufficient bandwidth and CIPA-compliant access to the Internet.

**Activities:**

1. Provide sufficient numbers of current workstations to meet user needs (add or replace obsolete PCs as needed).
2. Maintain computer hardware and associated peripherals.
3. Investigate the use of mobile technologies for reference use (e.g. iPads).
4. Maintain and upgrade appropriate filtering software to insure CIPA compliance.
5. Upgrade or add current applications, software, and plug-ins when appropriate (e.g., MS Office, Internet browser, Adobe Acrobat).
6. Upgrade ILS client software (e.g. SirsiDynix Workflows Java client).

7. Evaluate new products, applications and software and implement when appropriate and feasible.

**Technology Requirements:**

1. Internet access.
2. Network infrastructure.
3. Required servers.
4. Application packaging software.
5. Active Directory.
6. Computer hardware and associated peripherals.
7. Filtering software.
8. Communication and Collaboration software.
9. Applications and programs.

**Training Requirements:**

1. Information Technology staff new hardware and software training.
2. Staff hardware, application and software training.

**Other Resources Needed:**

1. Out-sourced technology support.

TECHNOLOGY PLAN  
2013 - 2016

---

**PROJECT SUMMARY SHEET**  
**TELEPHONE SYSTEM**

---

**Target Date:** 2013  
& Ongoing

**Project Number:** 20

**Library Goal:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Maintain and enhance technology resources for public and staff.

**Objective:**

Evaluate and if appropriate and feasible replace aging, obsolete telephone system with a state-of-the-art VoIP Telephony System.

**Activities:**

1. Investigate alternatives to upgrade e-Branch telephone system to state-of-the-art call center. Implement when feasible.
2. Investigate VoIP telephony services and identify solution which best meets the needs of the B&ECPL
3. If appropriate and feasible, develop, evaluate and award RFP contract.
4. Facilitate implementation plan to insure seamless cutover.
5. Investigate conference call options for use with all current phone systems and carriers.
6. If appropriate and feasible research and acquire any new communications equipment (including in-library conferencing at selected locations).

7. Evaluate telephone technologies in city branch libraries. Replace equipment and services if appropriate and feasible.

**Technology Requirements:**

1. Internet access.
2. Network infrastructure.
3. New VoIP Telephone System and service.
4. New telephones.
5. Telephone conferencing equipment.

**Training Requirements:**

1. Training for Information Technology Staff.
2. Staff training.

**Other Resources Needed:**

1. Erie County Information and Support Services.
2. Voice and data provider.
3. Telephone Numbers.
4. Possible Consulting.

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY  
TECHNOLOGY PLAN  
2013 - 2016

---

**PROJECT SUMMARY SHEET**  
**TRAINING - PUBLIC**

---

**Target Date: 2013  
& Ongoing**

**Project Number: 21**

**Library Goal:**

Maintain and enhance technology resources for public and staff;

Promote library resources and services to meet community needs and expectations.

**Objective:**

Train the public to insure skills needed to optimally use the new technologies and electronic resources.

**Activities:**

1. Insure up-to-date stationary training labs and mobile Cyber Trains.
  - a. Provide state-of-the-art computers and associated peripheral equipment. Replace computers when appropriate and feasible.
  - b. Provide workstations equipped with assistive technologies. Acquire and implement appropriate devices and software into public workshops.
  - c. Provide appropriate state-of-the art software. Upgrade or replace when necessary and feasible.
  - d. Implement additional library training labs at select libraries when appropriate and feasible.

2. Expand and enhance training opportunities.
  - a. Insure adequate staff to address public training needs.
  - b. Expand number of staff trainers available to accompany mobile Cyber Trains.
  - c. Expand number of techs available to support Cyber Train technology needs.
  - d. Provide practice sessions supervised by library staff.
  - e. Provide open lab sessions with one-on-one staff assistance available.
  - f. Provide computer literacy programs for at-risk individuals or those lacking home, work or school access to computers and/or the Internet.
  - g. Enhance and expand formal training sessions (e.g. Microsoft Office, Internet, Resume Resources).
  - h. Expand library-related training sessions (e.g. catalog searching, database searching, downloading).
  - i. Develop additional specialized programs for targeted audiences such as the business community, job seekers, children and young adults.
  - j. Research and implement when feasible a real time reservation system for training classes and advanced public technology training booking.
  - k. Offer specialized training workshops conducted by experts in the community.
3. Explore and implement alternative training options. Acquire appropriate equipment and supporting software.
  - a. Interactive on-line tutorials.
  - b. Distance learning.

- c. Interactive whiteboard technology (e.g. SMART board).
- d. Videoconferencing.
- e. Streaming video and simulcasts.

**Technology Requirements:**

1. Internet access.
2. Wireless Access Point.
3. Network infrastructure.
4. State-of-the-art hardware.
5. Up to date and appropriate application software.
6. Videoconferencing equipment and telecommunications facilities.
7. Interactive whiteboards.
8. Simulcast equipment and software.
9. Software to support alternative training opportunities.

**Training Requirements:**

1. Staff training.
2. Public training.

**Other Resources Needed:**

1. Additional staff.

TRAINING -STAFF

---

**Target Date: 2013  
& Ongoing**

**Project Number: 22**

**Library Goal:**

Maintain and enhance technology resources for public and staff;

Recruit, train, and deploy staff to provide and support quality customer service for all users.

**Objective:**

Train staff to insure skills needed to optimally use the new technologies and electronic resources to maximize staff productivity and respond to public needs.

**Activities:**

1. Maximize training opportunities for all staff.
2. Insure adequate staff training to meet or exceed the minimum skill levels needed to perform job requirements.
3. Provide specialized training when appropriate.
4. Utilize Library 2.0 and beyond services and resources.
5. Develop and implement a plan to insure basic Library 2.0 skill sets as appropriate (e.g. The 23 Things – Learning 2.0 project).
6. Explore alternatives to traditional training and services as follows:
  - a. Interactive on-line tutorials.
  - b. Videos and Podcasts.

- c. IM, Skype or other real-time service.
- d. Distance learning.
- e. Videoconferencing.
- f. Streaming video and simulcasting.
- g. Interactive whiteboard technology (e.g. SMART board).

**Technology Requirements:**

1. Internet access.
2. Wireless Access Point.
3. Network infrastructure.
4. State-of-the-art hardware.
5. Up to date and appropriate application software.
6. Videoconferencing equipment and telecommunications facilities.
7. Interactive whiteboards.
8. Hardware and software to support alternative training opportunities.

**Training Requirements**

2013 - 2016

---

**PROJECT SUMMARY SHEET**  
**WEB SITES**

---

**Target Date:** 2013  
& Ongoing

**Project Number:** 23

**Library Goal:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Maintain and enhance technology resources for public and staff;

Utilize technologies and processes that improve access to information, enhance customer service, and maximize service delivery;

Promote library resources and services to meet community needs and expectations.

**Objective:**

Enhance the B&ECPL websites to serve as information portals and additional customer service points.

**Activities:**

1. Continually evaluate, develop and insure accuracy of website content.
2. Insure ease of use.
3. Improve access to and highlight public policies.
4. Continue to promote library events and services.
5. Add appropriate specialized collections and content (e.g. digitization projects, online exhibits).

6. Explore and enhance “digital branch” features using appropriate interactive social networking platforms.
7. Enhance e-Content, e-Community and download features.
8. Promote resources for remote users utilizing online training opportunities (e.g. Training guides, videos).
9. Train appropriate staff in all libraries to manage and update web page content.
10. Investigate and evaluate integration of public access catalog and website to enhance end-user experience.
11. Insure ADA compliance.
12. Maintain universal design.
13. Investigate and implement, when feasible, automated link checkers and HTML validation tools.

**Technology Requirements:**

1. Internet access.
2. Network infrastructure.
3. Web site development hardware and software.
4. Web site development applications.
5. Link-checking software.

**Training Requirements:**

1. Technical training for web master.
2. Staff training.

BUFFALO AND ERIE COUNTY PUBLIC LIBRARY  
TECHNOLOGY PLAN  
2013 - 2016

---

PROJECT SUMMARY SHEET  
WIRELESS

---

**Target Date: 2013  
& Ongoing**

**Project Number: 24**

**Library Goal:**

Measure, evaluate and improve the B&ECPL's operational practices and services;

Maintain and enhance technology resources for public and staff;

Utilize technologies and processes that improve access to information, enhance customer service, and maximize service delivery;

Promote library resources and services to meet community needs and expectations.

**Objective:**

Support the use of wireless technologies for staff and public.

**Activities:**

1. Monitor wireless Internet access to all B&ECPL facilities;
2. Expand wireless access capacity as needed;
3. Replace or add additional wireless access points (WAP) as needed.
4. Maintain technology and implement wireless printing for personal laptops at all B&ECPL locations
5. Investigate wireless printing for hand-held and smart devices. Implement when appropriate and feasible.

6. Evaluate development of web interface for mobile, tablet and smart devices. Implement when appropriate and feasible.
7. Examine usefulness and related productivity gains for staff to use handheld or smart devices for assisting library users or collecting data. Implement when appropriate and feasible.
8. Investigate use of wireless for temporary and permanent cabling requirements within select libraries and departments. Implement when appropriate.

**Technology Requirements:**

1. Internet access.
2. Network infrastructure.
3. Wireless access points.
4. Required peripherals (e.g. Mobile or hand-held devices)
5. Web development tools.

**Training Requirements:**

1. Information Technology staff training.
2. Staff training.
3. Public training.

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Alden**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 5Mb 7/1/2010)	5 Mb	5 Mb	5 Mb	5 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line				
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	1	1	1	1
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	9	9	9	9
Staff Workstations	4	4	4	4
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	2	2	2	2
RFID Self-Check Station	1	1	1	1
RFID Gates Single				
RFID Gates Dual				
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Angola**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 10Mb 7/1/2010)	10 Mb	10 Mb	10 Mb	10 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	1	1	1	1
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	15	15	15	15
Staff Workstations	3	3	3	3
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)			2	2
RFID Self-Check Station			1	1
RFID Gates Single			1	1
RFID Gates Dual				
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Boston**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 5Mb 7/1/2010)	10 Mb	10 Mb	10 Mb	10 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	1	1	1	1
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	10	10	10	10
Staff Workstations	3	3	3	3
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Clearfield**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 10Mb 7/1/2010)	10 Mb	10 Mb	10 Mb	10 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	2	2	2	2
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	2	2	2	2
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	17	17	17	17
Staff Workstations	11	11	11	11
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	4	4	4	4
RFID Self-Check Station	4	4	4	4
RFID Gates Single	1	1	1	1
RFID Gates Dual	1	1	1	1
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Clarence**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 5Mb 7/1/2010)	10 Mb	10 Mb	15 Mb	15 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	2	2	2	2
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	1	1	1	1
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	28	28	28	28
Staff Workstations	10	10	10	10
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)		4	4	4
RFID Self-Check Station		4	4	4
RFID Gates Single				
RFID Gates Dual		1	1	1
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Collins**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 10Mb 7/1/2010)	10 Mb	10 Mb	10 Mb	10 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	1	1	1	1
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	13	13	13	13
Staff Workstations	4	4	4	4
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)				3
RFID Self-Check Station				2
RFID Gates Single				
RFID Gates Dual				1
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Dudley**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 10Mb 7/1/2010)	15 Mb	15 Mb	15 Mb	15 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	2	2	2	2
Fax Line				
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	2	2	2	2
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	24	24	24	24
Staff Workstations	6	6	6	6
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	2	2	2	2
RFID Self-Check Station	2	2	2	2
RFID Gates Single				
RFID Gates Dual	1	1	1	1
				1

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **East Aurora**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 10Mb 7/1/2010)	15 Mb	15 Mb	15 Mb	15 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	2	2	2	2
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	20	20	20	20
Staff Workstations	11	11	11	11
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	8	8	8	8
RFID Self-Check Station	3	3	3	3
RFID Gates Single				
RFID Gates Dual	1	1	1	1
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **East Clinton**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 5Mb 7/1/2010)	15 Mb	15 Mb	15 Mb	15 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	2	2	2	2
Fax Line				
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	1	1	1	1
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	13	13	13	13
Staff Workstations	4	4	4	4
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	1	2	2	2
RFID Self-Check Station	1	1	1	1
RFID Gates Single	1	1	1	1
RFID Gates Dual				
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Elma**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 5Mb 7/1/2010)	5 Mb	5 Mb	5 Mb	5 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	1	1	1	1
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	10	10	10	10
Staff Workstations	7	7	7	7
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	3	3	3	3
RFID Self-Check Station	2	2	2	2
RFID Gates Single	1	1	1	1
RFID Gates Dual				
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name: **JBR**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 10Mb 7/1/2010)	10 Mb	10 Mb	20 Mb	20 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	4	4	4	4
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	62	62	62	62
Staff Workstations	10	10	10	10
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	6	6	6	6
RFID Self-Check Station	4	4	4	4
RFID Gates Single				
RFID Gates Dual	1	1	1	1
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Kenilworth**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 10Mb 7/1/2010)	10 Mb	10 Mb	10 Mb	10 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	1	1	1	1
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	19	19	19	19
Staff Workstations	4	4	4	4
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	3	3	3	3
RFID Self-Check Station	2	2	2	2
RFID Gates Single				
RFID Gates Dual	1	1	1	1
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Kenmore**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 2 T-1 to 10Mb 7/1/2010)	15 Mb	15 Mb	25 Mb	25 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	2	2	2	2
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	25	28	28	28
Staff Workstations	11	11	11	11
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	5	5	5	5
RFID Self-Check Station	4	4	4	4
RFID Gates Single	1	1	1	1
RFID Gates Dual	1	1	1	1
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Lackawanna**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 10Mb 7/1/2010)	15 Mb	15 Mb	15 Mb	15 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	1	1	1	1
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	16	16	16	16
Staff Workstations	4	4	4	4

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Lancaster**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 10Mb 7/1/2010)	10 Mb	10 Mb	10 Mb	10 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	1	1	1	1
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	17	17	17	17
Staff Workstations	7	7	7	7
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	3	3	3	3
RFID Self-Check Station	3	3	3	3
RFID Gates Single				
RFID Gates Dual	2	2	2	2
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Lakeshore**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 5Mb 7/1/2010)	5 Mb	5 Mb	10 Mb	10 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	1	1	1	1
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	7	7	7	7
Staff Workstations	4	4	4	4
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Newstead**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 5Mb 7/1/2010)	5 Mb	5 Mb	10 Mb	10 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	2	2	2	2
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	12	12	12	12
Staff Workstations	5	5	5	5
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)		3	3	3
RFID Self-Check Station		2	2	2
RFID Gates Single				
RFID Gates Dual		1	1	1
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **North Park**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 2 T-1 to 10Mb 7/1/2010)	20 Mb	20 Mb	20 Mb	20 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	2	2	2	2
Fax Line				
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	1	1	1	1
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	24	24	24	24
Staff Workstations	6	6	6	6
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	2	2	2	2
RFID Self-Check Station	2	2	2	2
RFID Gates Single	1	1	1	1
RFID Gates Dual				
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Orchard Park**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 10Mb 7/1/2010)	10 Mb	10 Mb	10 Mb	10 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	2	2	2	2
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	23	23	23	23
Staff Workstations	11	11	11	11
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	5	5	5	5
RFID Self-Check Station	3	3	3	3
RFID Gates Single				
RFID Gates Dual	1	1	1	1
Library PDA				

**Buffalo and Erie County Public Library Technology Plan**

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Reinstein**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 1 T-1 to 10Mb 7/1/2010)	10 Mb	10 Mb	20 Mb	20 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	1	1	1	1
Fax Line	1	1	1	1
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	3	3	3	3
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	36	36	36	36
Staff Workstations	7	7	7	7
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	4	4	4	4
RFID Self-Check Station	3	3	3	3
RFID Gates Single	1	1	1	1
RFID Gates Dual				
Library PDA

Buffalo & Erie County Public Library Technology Plan  
Summary

Assessment of Telecommunications Services, Hardware, Software and other Services

Library Name **Riverside**

Telecommunications		Projected		
	2012	2013	2014	2015-16
WAN Circuit (Upgrade from 2 T-1 to 10Mb 7/1/2010)	10 Mb	10 Mb	20 Mb	20 Mb
LAN	Yes	Yes	Yes	Yes
Telephone Lines	2	2	2	2
Fax Line				
Cabling	No			
Wireless Access for Public	Yes	Yes	Yes	Yes

Network		Projected		
	2012	2013	2014	2015-16
Router (Fiber Eth. VLAN upgrade on 7/1/2010 eliminates router use)				
Switch	1	1	1	1
Fax Machine	1	1	1	1
Wireless Access Point	1	1	1	1

Hardware		Projected		
	2012	2013	2014	2015-16
Servers	1	1	1	1
Public Access Workstations	16	16	16	16
Staff Workstations	6	6	6	6
Black & White Laser Printers	1	1	1	1
Color Laser Printers	1	1	1	1
Scanners	1	1	1	1
UPS	1	1	1	1

Software		Projected		
	2012	2013	2014	2015-16
Operating System (e.g. Windows 2000)	Windows XP	Windows 7	Windows 7	Windows 7
Productivity (e.g. Microsoft Office)	Office 2007	Office 2007	Office 2010	Office 2010
Educational (e.g. ResumeMaker)	Miscellaneous	Miscellaneous	Miscellaneous	Miscellaneous
Technical Center (e.g. Desktop publishing)	---			
e-Mail (e.g. Eudora, Outlook)	Outlook 2007	Outlook 2007	Outlook 2010	Outlook 2010

RFID		Projected		
	2012	2013	2014	2015-16
RFID Antenna Pad (Staff Station)	2	2	2	2
RFID Self-Check Station	2	2	2	2
RFID Gates Single				
RFID Gates Dual	1	1	1	1
Library PDA
